- IASJ Newsletter no. 01 -
December 1991

Preface

Here it is!
The very first issue of the Newsletter of the International Association of Schools of Jazz.
A historic moment, a historic issue.

The IASJ Newsletter is here to inform the members and anyone else who is interested in what is going on in our association. It reflects the past activities, it announces future events, it is part of the IASJ-Network.

You will find certain topics are dealt with in length, others just briefly. There are no restrictions to what could be in the Newsletter.

After the first IASJ Jazz Meeting in The Hague, an Israeli song is taken to London and played there as a new kind of standard. A Swedish piece has stayed in The Hague and has been played in clubs and at exams. You will find them in this Newsletter. Is this the beginning of the New Real Book? Time will tell.

I hope you will enjoy reading this IASJ Newsletter and will contribute to future issues.

Walter Turkenburg
